

Presents

Jung, Alchemy & the Tree of Life Bridging Spirit & Matter

An evening with Eva Rider, MA

August 22, 2014 - 7:30 -9:00

St. Brigid's Villa, Ignatius Jesuit Centre, Guelph, ON

The right way to wholeness is made up of fateful detours and wrong turnings. It is a longissima via, not straight but snakelike, a path that unites the opposites in the manner of the guiding caduceus, a path whose labyrinthine twists and turns are not lacking in terrors. - C.G. Jung, Psychology and Alchemy

This evening presentation will explore the relationship between Jung's Alchemical Psychology and the Hermetic Tree of Life through a lens of BodySoul®.

The study of alchemy as elucidated by this ancient glyph offers a deepened understanding into Jung's of archetype, image and symbol, bridging the collective and the personal psyche as it reflects the Soul's initiatory journey.

When circuits between the archetypal, imaginative and physical realms are open, an understanding of paths leading towards Individuation or wholeness is revealed. Entering into the realm of liminal spaces between the worlds, quickening the cosmic dance between force and form, above and below, masculine and feminine, macrocosm and microcosm, alpha and omega, we evoke a synthesis wherein the dancer and the dance become one.

Event fee: \$20 in advance, \$25 at the door (includes HST)
